JNL ENTERPRISE IS THE WINNER OF THE 2008 WATKINS ULTIMATE BACKYARD CHALLENGE

Congratulations to Jim Gryczanowski of JNL Enterprise Winner of the 2008 Watkins Ultimate Backyard Challenge!

JNL Enterprise was recognized at the Watkins Hardscape Contractor Seminar held at the Millard Social Hall March 4th.

Jim and his crew constructed a beautiful backyard in Gretna, NE complete with a fish pond with a built in bench, fire pit, seat wall, columns with built in lights, and an outdoor kitchen and serving island. His project utilized Highland Retaining Wall Block, Belgard Mega Arbel, and Earthworks Natural Stone and many of our hardscape accessories.

Jim took home a prize of \$32,000 NMC CAT Skid Steer to continue his outstanding hardscape work. This was the third entry in the UBC for JNL Enterprise. "I couldn't pass up the great opportunities the contest offers" Jim said. We get so much advertising and promotion from this contest. It has been well worth it every year."

Homeowners Bob and Laura Hammel saw an ad from JNL Enterprise and called him for a quote. "We only wanted a patio" says Laura Hammel. "I'm so glad he sold us on really doing it right and entering the contest."
